

Make your own Paper Dolls!

Paper dolls were a fun and popular way for children to pass the long winter days.

They did not always use templates.

Sometimes they created things from their own imagination!

Here Are the Twins

By DOROTHY KAMP

Draw pictures of the twins, Claudia's young brother and sister. Mount your drawings on stiff cardboard. Draw the clothes, too. Before cutting out your pictures of the clothes, paste them to strong cloth in order that they will not tear easily. Use rubber cement for this.
